

## **National conference**

1. M. Jothilingam, and G. Govindasamy, “Grid connected wind energy system for power quality improvement using UPQC” in the national conference on Emerging Trends in electrical science in IRTT on 04th August 2011.
2. M. Jothilingam, and G. Govindasamy, “Power Quality improvement by using unified power quality conditioner in grid connected windenergy systems” in the national conference on Recent Advancement & challenges in electrical engineering and applications in IRTT on 29th February 2012.
3. M. Jothilingam, “Recent Trends in Renewable Energy systems” in the national level workshop conducted by Bharathidasan Engineering College on 19th September 2014
4. M. Jothilingam, and P.Poongodi, “Emerging Electronics” in the national conference on Challenges in electronics engineering and applications in SEC on 2th February 2016.
5. M. Jothilingam, “Innovative solution in Electrical Engineering” in the national conference in electrical engineering in SIT on 29th February 2018.
6. M. Jothilingam, “Communication & Nano Electronics Technology” in the national conference in electrical engineering in SIT on 12th October 2011.
